APPLICANT ESSAYS

Dear Applicant,

The application process helps us determine whether or not WE are best suited to help you achieve your potential. Applicant essays are your chance to give us a better sense of who you are, what matters to you, and how you interact with the world.

Please type your responses and answer the following questions as specifically as possible. Don't worry about grammatical perfection or using fancy words—there's plenty of time to work on those skills. Do NOT worry about the length of your responses either, but please do make the effort to be clear enough so that we, as strangers, can understand what you're trying to say without having to assume. Also, please revise your writing so that you don't include incomplete thoughts or generalizations.

In closing, your essays give us the opportunity to see beyond test scores and grades; we hope that you will share with us your vision of who you really are. Thank you.

1. Write a one-page personal statement. How would you describe yourself as a human being? What are you interested in? What are you passionate about? What qualities do you like most about yourself? Where do you see yourself in 5 years? In 10 years? Why?
2. We know it is difficult, but please select one person or experience that has meaningfully impacted your life and explain the how this person or experience has inspired the contributions you make toward others (What do you do to get your hands dirty helping others? What do you do to engage in the world at large?)
3. GCE is a unique learning model. We ask parents to be involved, and students constantly interact with the “real world.” What is special about your learning style and your relationships with your peers, parents, and even with new people you meet each day that makes you likely to reach your potential in THIS environment as opposed to in a more traditional school? (Please make sure to review our curriculum and our website before responding to this question—www.globalcitizenshipexperience.com.)
